3 Provision of Services

what we aim to provide in the UK

3.1 We will take all reasonable steps to make the Services available to you at all times. The Services are only available whilst your Handset / Extension has a continual and uninterrupted connection to the internet. We cannot guarantee a continuous fault free

service. Please note that:

3.1.1 the quality and availability of Services may sometimes be affected by factors outside our control - such as local physical obstructions, atmospheric conditions, other causes of interference, features or functionality of your Handset / Extension, the number of people trying to use the network at the same time, and faults in other telecommunication networks to which the Network is connected.

Services may sometimes be affected by maintenance and upgrading

3.3 The Network and the Services may from time to time require upgrading, modification, maintenance or other works. These may result in some or all of the Services becoming temporarily unavailable. In such cases, we'll do everything we can to keep the period of non-availability to a minimum. However, some interruption may be inevitable.

Suspension of Services

3.4 We may suspend some or all of the Services you use, without giving you notice if:

3.4.1 we have good reason to believe that you haven't complied with one or more of the terms of your Contract

3.4.2 you don't pay your bill within the time stipulated in Condition 6.2; we reserve the right to place a Bar on some or all of the Services from your Handset / Extension (with the exception of calls to the emergency services).
